

1. Preface and scope:

This is the privacy policy of redpin.com, applicable to all users and visitors of our site, servers, or services, and supercedes all previous versions of this policy. The policies and conditions herein apply equally to all visitors, users, and customers of our web site, web servers, email servers, and other services of redpin.com.

2. Contact information:

Our postal address is:
1329 Conway St, #3
Saint Paul, MN 55106

We can be reached via e-mail at the address(es) on our contact page or in WHOIS data, or you can reach us by telephone at 651-771-3588.

3. Data collection policies:

For each visitor to our Web pages, our server logs only the consumer's IP address, browser information, and pages viewed. We collect only the IP address, but not the e-mail addresses, of visitors to our Web page, as well as aggregate and per-visit information on what pages consumers access or visit. This information is never shared or made available to third parties except as noted below.

4. Information disclosure policy:

Any personal and billing information we may collect from customers is not voluntarily shared with other organizations for any purpose. We will only share information with law enforcement in response to valid subpoenas or other court orders issued in the appropriate jurisdiction or jurisdictions (City of Saint Paul, Ramsey County, State of Minnesota, United States of America). In the absence of legally-binding instructions otherwise, it is our policy to inform affected clients, customers, and visitors of such legal orders in as timely a fashion as possible.

5. Cookies:

We use cookies only to enhance (some) webmail application usage, which is entirely optional for the use of provided services. The regular portions of the Redpin website accessible to public visitors do not use cookies in any way.

6. Ad Servers:

We do not partner with, subscribe to, make use of, or otherwise have or maintain special relationships with any ad server companies. As we, like any other respectable business, are ad-free, any pop-ups, pop-unders, banner ads, or other forms of advertisement on our site are likely a result of virii or adware on the visitor's computer.

7. Financial Information:

All of our online billing is done through PayPal (www.paypal.com) and 2Checkout (www.2co.com). We never receive, or are able to receive, any of your personal financial details. PayPal has a well-respected privacy policy of their own, which we invite you to view if you are concerned about such matters. 2Checkout, as well, uses strong security measures and provides a very high degree of protection. The long and short of it is that your safety is ensured because we at Redpin never have any financial information of yours to reveal.
